You often make that gesture, but what does it mean?

The ones you made today are a success

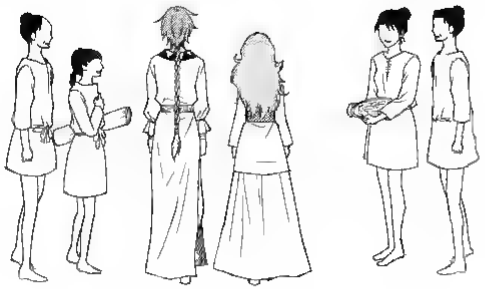
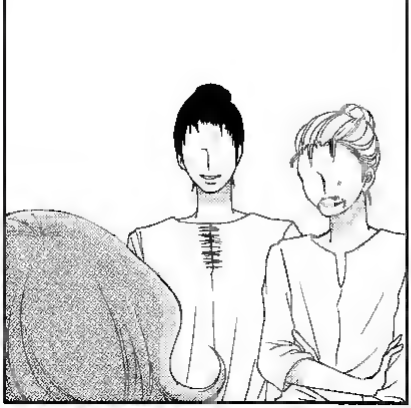
For the villagers Asahi is indespensable because she under the protection of the water god

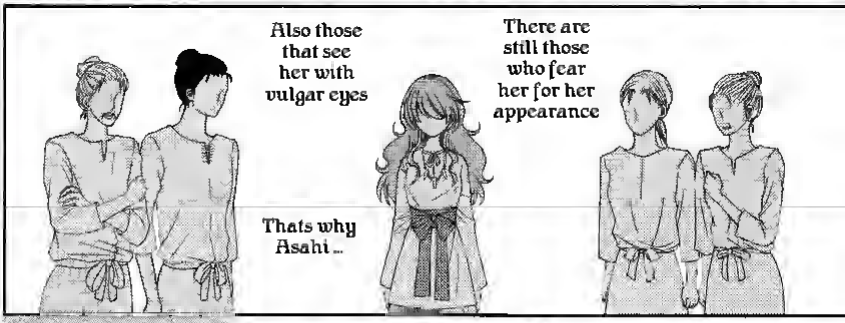
After she came here the village grew



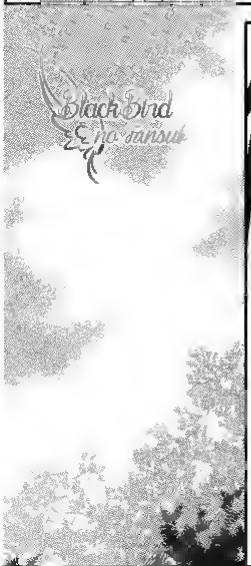
And is now more abundant than all neighboring villages

There is no one in the village anymore, that would harm Asahi anymore

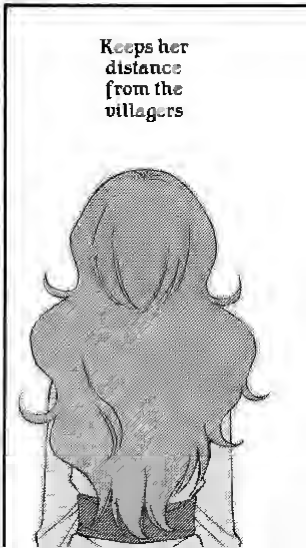




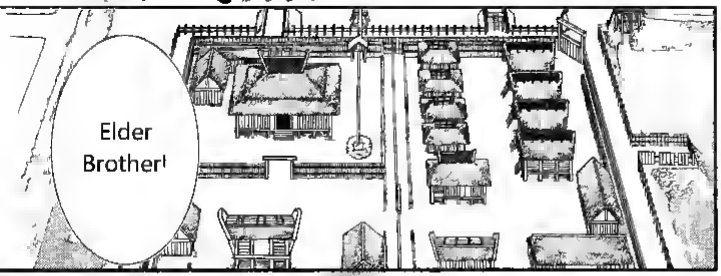
Also those that see her with vulgar eyes
There are still those who fear her for her appearance
Thats why Asahi...



Black Bird
Kei sansui

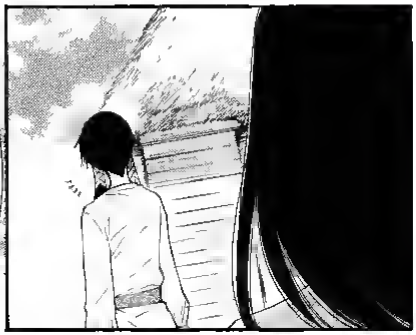


Keeps her distance from the villagers



Elder Brother!

Father is asking for you.
Where were you?



Shina

You
Were meeting that girl again

……

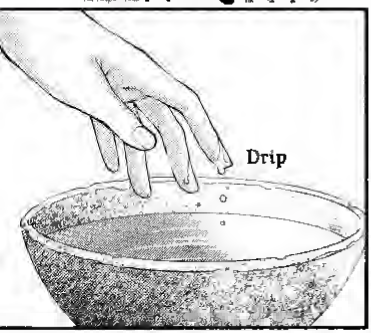
Asahi knows it too

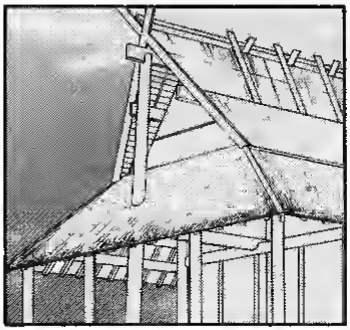
Taht despite beeing respected she isnt loved

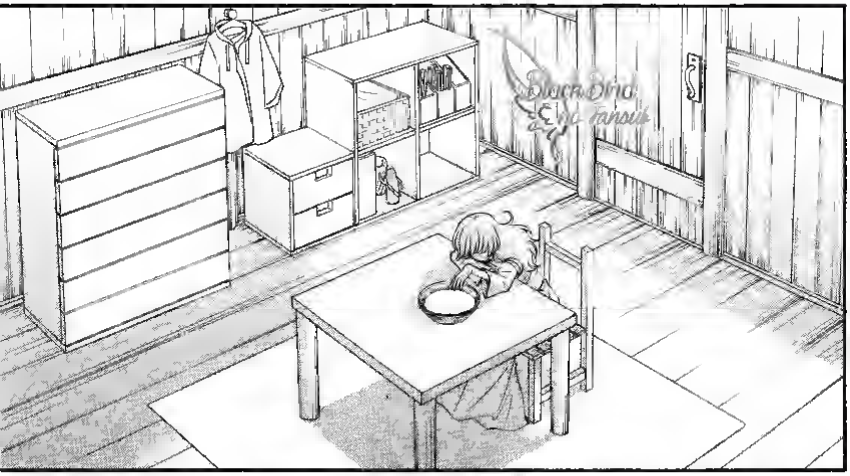
Thats why ...

Asahi wants to ...

Return somewhere ...

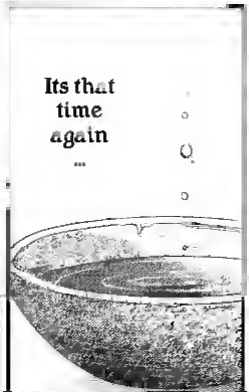






The ritual of the lake, in wich we give thanks for the blessings of water

And we ask for more blessings



But its true that gods exist here

I danced without any desire in this kind of thing

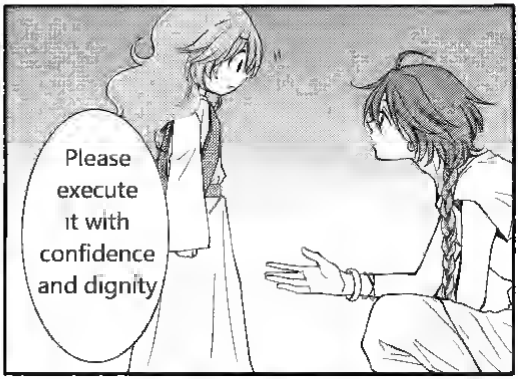
I know there is nothing to be done about peopies desires

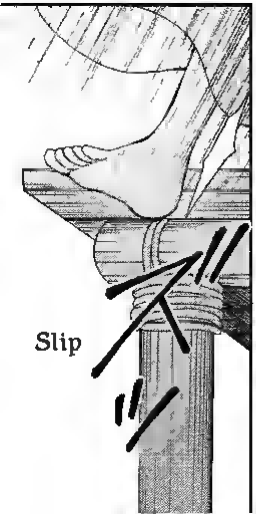
I spend 3 days with the water god

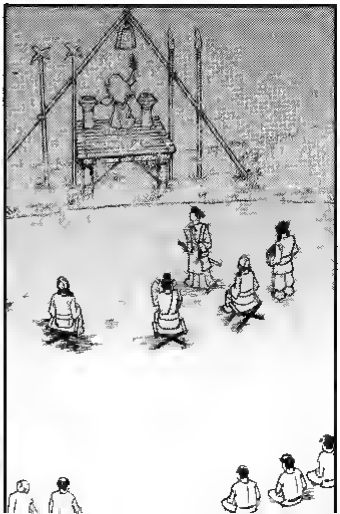
Apart from the ritual ...

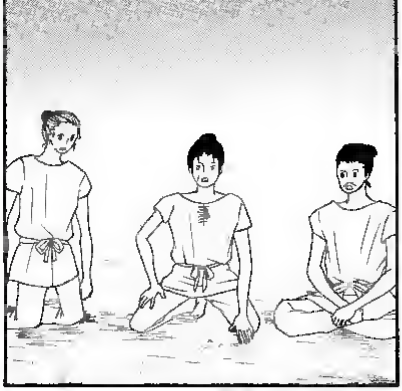
BlackBird no fansub

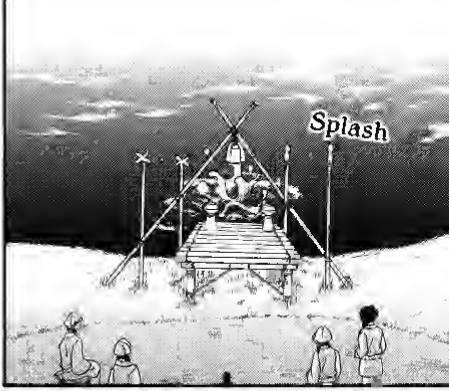
That was my first ritual as the water priestess





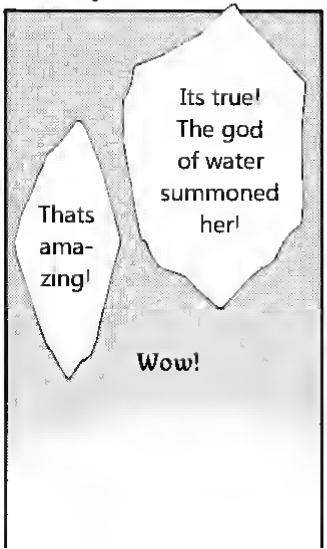






Splash

Save her! Quickly!
How?
Wah! The priestess fell!



Its true! The god of water summoned her!
Thats ama-zing!
Wow!

Its the god of water

I cant find her!

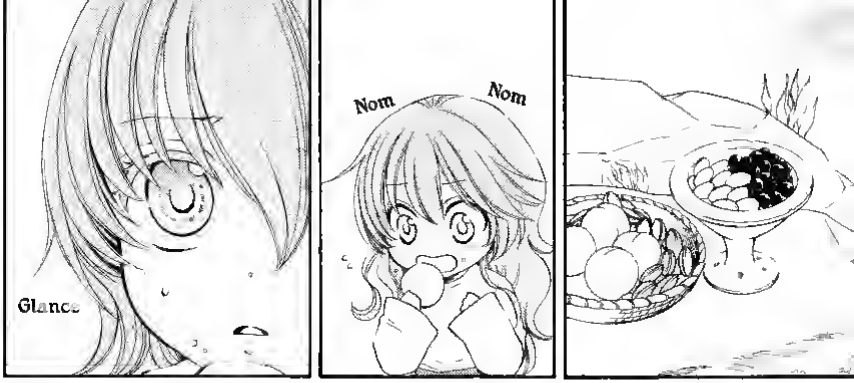
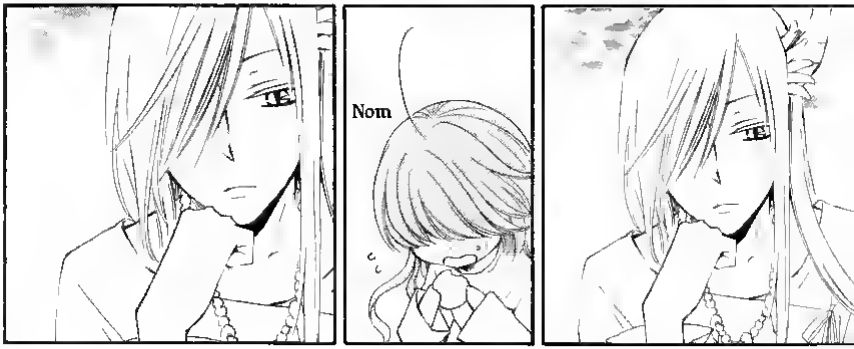
Are you doing cruel things to this girl again?
Poor girl
Oh darling
.....
Give her some things she can eat and then leave
Oh,
Am I your kitchen helper? Aah, but I guess it cant be avoided Afterall if you were to do it, she could only eat fish right?





When I was
eating or sleeping

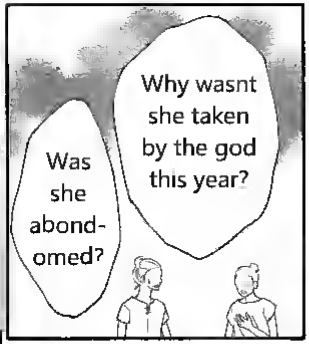
He lowered his
gaze and watched
me with those
terryfying eyes

Watch me with
those cold eyes
...
Thats all he did
...

I wondered
...

If this is how
the animals
at the zoo feel

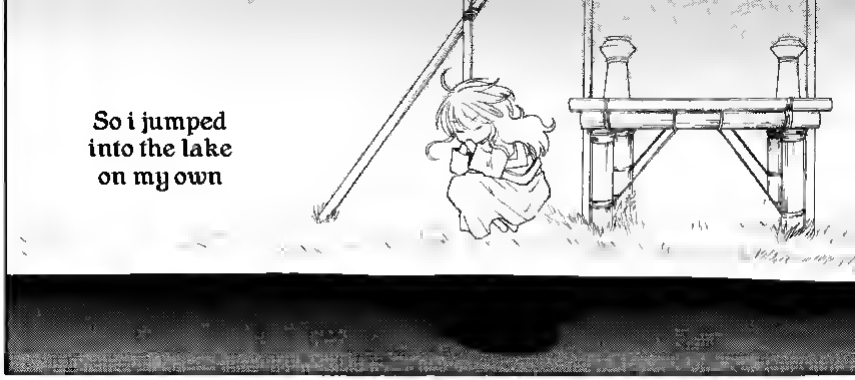
He said enough and send me back to the surface
And then, as if he had lost interest
So we stared at each other for 3 days



Was she abond-omed?
Why wasnt she taken by the god this year?

The following year
I completed the ritual safely
but then someone said

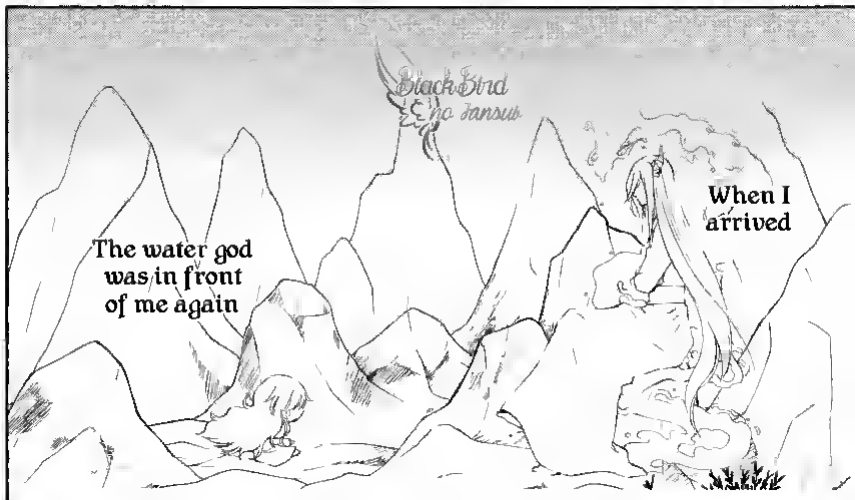
I felt like they were condeming me



So i jumped into the lake on my own

A powerfull force dragged me
And while I was thinking that

I will swim somewhere, where people cant see me
And go back in secret after a while



Black Bird
The water god was in front of me again
When I arrived

With his mouth open like that

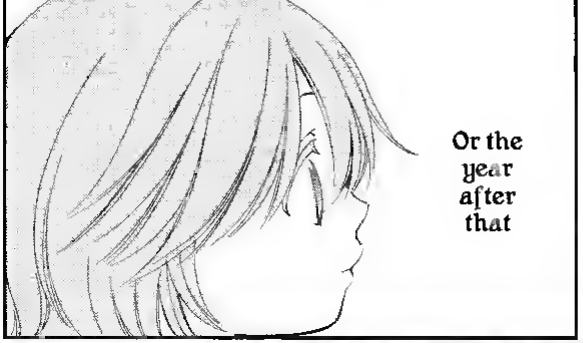
We spent 3 together like the previous year

Why?
...

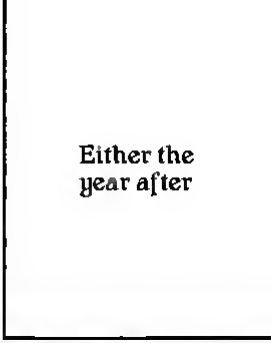
When I dragged myself to the lake

The year after that, the lake water rose

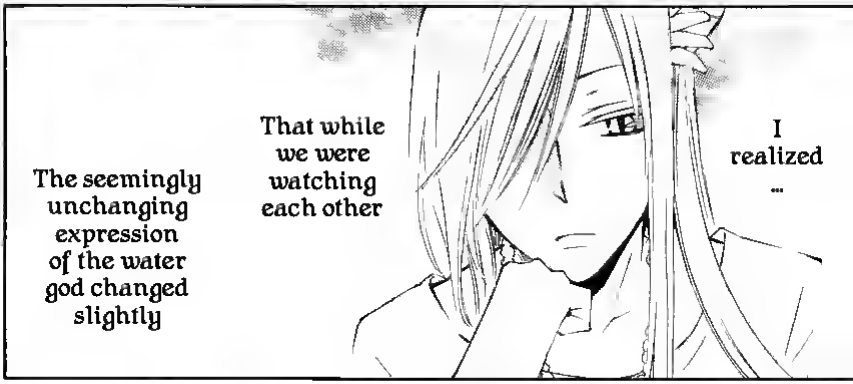
As expected, we spent 3 days staring at each other



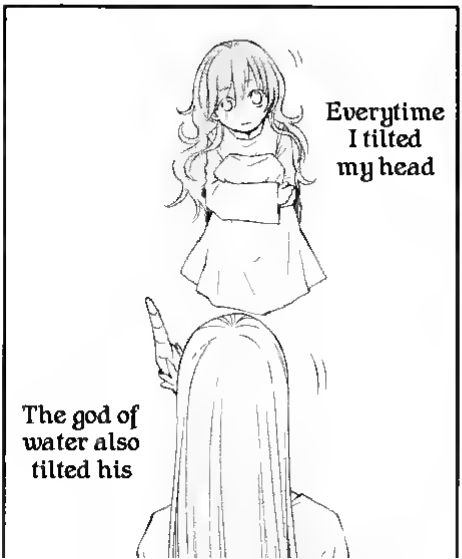
Or the year after that



Either the year after

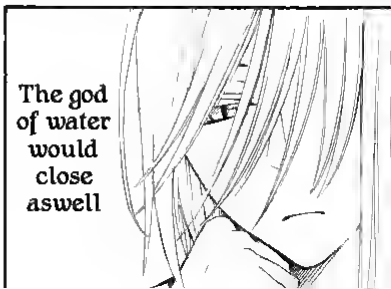


The seemingly unchanging expression of the water god changed slightly
That while we were watching each other
I realized ...



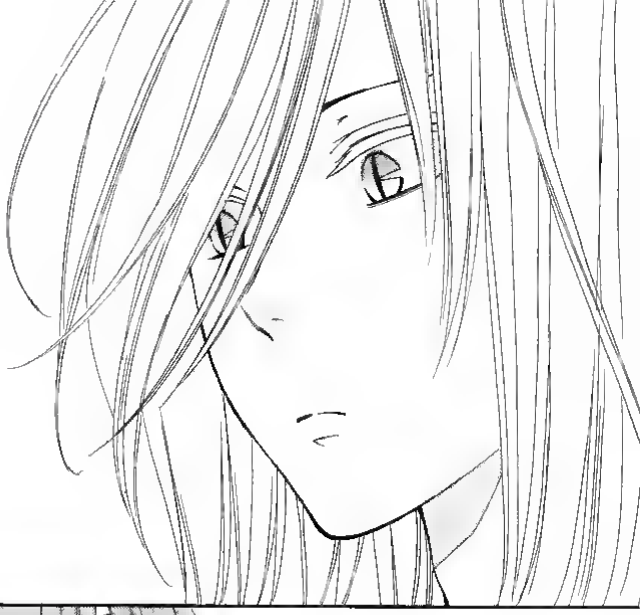
Everytime I tilted my head
The god of water also tilted his

Everytime I closed my eyes,

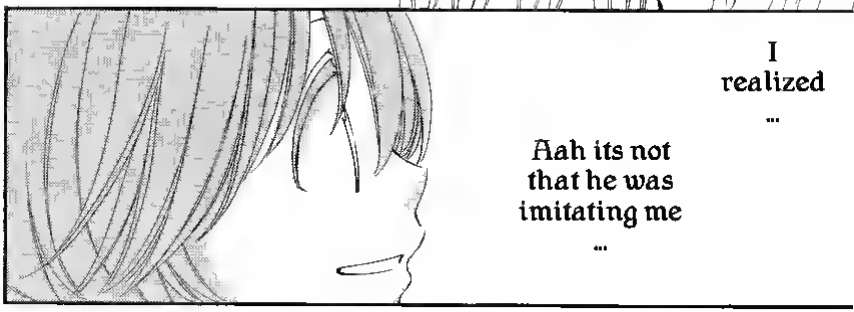


The god of water would close aswell

So last year
I tried to smile
When I did that
...



The water god looked at me, with a surprised look



I realized ...

Aah its not that he was imitating me ...

And I felt uncomfortable

And I only looked down for a long time

After that, I could no longer look the water god in the eyes

The water god told me

But before I returned to the surface

the gods

I've

possible

I ended
up staying
here for a
